

AMERICAN WOOD COUNCIL

May 2018

ERRATA
to the 2018 Edition of
the National Design Specification® (NDS®) for Wood Construction
(web version dated 11-17)

Page **Revision**

40 Revise K_{rs} as described in Equation (5.4-3) as follows (replace d_e with d_c):

$$\begin{aligned} K_{rs} &= \text{empirical radial stress factor} \\ &= 0.29(\cancel{d_e}d_c/R_m) + 0.32 \tan^{1.2} \phi_T \end{aligned}$$
